Understand & Change the World with Science!

Training program for young people, who want to bring science into public debates

Do you want to make a difference with your knowledge and your research?
We show you how!

Do you want more than dry theory?
We discuss the latest findings and their use in practice.

Do you want to be part of a young science community that wants to change something?
Welcome to Scim pact!

Scim pact gives you the chance

- ✓ to learn countless new skills
- ✓ to participate in tailored workshops
- ✓ to organise inspiring events
- ✓ to receive 1:1 coaching
- ✓ to become part of a Swiss-wide scientific community

Apply until the 30th of September
